
MOSTRA BIBLIOGRAFICA

In occasione del convegno: **Oltre il suicidio medicalmente assistito. Posizioni in dialogo con la Psicologia Palliativa,** la **Biblioteca Centrale di Psicologia "Fabio Metelli"** presenta **Abitare il confine. Relazioni di cura, autodeterminazione e accompagnamento nel fine vita,** una mostra bibliografica allestita negli spazi della Biblioteca, al quinto piano dell'edificio Psico 2, in via Venezia 12/2, e visitabile dal 1° ottobre al 15 novembre. La mostra propone un itinerario di letture e approfondimenti che mette a confronto prospettive psicologiche, mediche, filosofiche, antropologiche e sociali sulla morte, sul morire e sul lutto.

Attraverso una selezione di studi dedicati alle cure palliative, alla relazione di cura, alle scelte di fine vita e all'elaborazione della perdita, il percorso invita a riflettere sulle diverse forme dell'accompagnamento e sul senso di quel "gran viaggio del mortale" evocato da Emanuele Severino.
