

## Using the library

Access is granted to everybody, but you have to **reserve your seat** through the App 'Affluences' or 'Affluences via WEB'

<https://affluences.com/biblioteca-dichimica-cesare-pecile>

To search books, please check the University catalog GalileoDiscovery. To reserve those on loan, please access your personal area in GalileoDiscovery, by using your University email address and password (SSO).

The loan of **textbooks** is shorter than that of other books. You can borrow them for 15 days (green sticker) or for the weekend (yellow sticker).

Some textbooks are available as **e-books**, and they are accessible remotely through SSO.

## Using the library

- ◇ Library desks are equipped with electric plugs
- ◇ Wi-Fi Eduroam is accessible through the APP Get Eduroam. Choose Padova University among the Institutions and log in with SSO
- ◇ Laptops are available for free. Please take note that they must be used only in the library
- ◇ Photocopying and printing are available
- ◇ Books that are not available in Galileo Discovery can be requested through the InterLibrary Loan Service
- ◇ The Document Delivery Service is available on demand to retrieve journal articles and book chapters not available in Padova
- ◇ Help is offered for bibliographic search and to write a bibliography.

Please ask a librarian!

## Using the Digital Library

A Library is not only a real place where you can go to study, full of books to borrow and with a free Wi-Fi connection.

A library is also something more  
**It's the Digital Library!**

<https://biblio.unipd.it/en>

Access **GalileoDiscovery**, the main access to the Digital Library, to read and download books and journals, search data banks and much more

<https://galileodiscovery.unipd.it>

If you are off-campus you can reach the Digital Library all the time and from everywhere, with your laptop, PC or mobile through Auth-Proxy and SSO. Check the Library website for details
